The results added to this form MUST reflect the results BEFORE any penalties are applied. If a penalty is subsequently applied, e.g. DSQ after a Protest, the Penalty Code must be shown.

**Example A:** Sail No. 12345 is OCS at the start, finishes in 14<sup>th</sup> place, and gets last place + 1.  
(This form should show: **Pos. 14, Sail No. 12345, Penalty Code OCS**)

**Example B:** Sail No. 54321 is penalized under rule 30.2 (ZFP), finishes in 20<sup>th</sup> place, and ultimately ends up in 30<sup>th</sup> place after application of the penalty in a 50-boat fleet. If 54321 was penalized twice in the same race (40%), then that must be shown. (This form should show: **Pos. 20, Sail No. 54321, Penalty Code ZFP X 2**)

The Sail Number on this form must match the Sail Number on the Registration Form.  
If this is not done the results cannot be matched with the boat as entered in the race.  
For boats scored DNS or DNC, list them after all finishers.
